James -

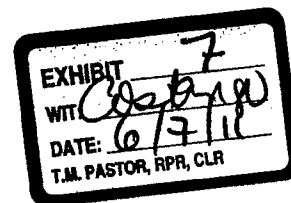

If you have time tomorrow can we take 30 minutes to go through an update on where we stand on a bunch of items, some of which are moving ahead and others which are stalled temporarily. Without going into too much written detail, here's a list of the items I think are worth discussing:

- [REDACTED]
3. Tassimo - public auction process for select positions
  4. Tassimo - trade documentation update
- [REDACTED]

Thank you.  
John
